ASSOCHAM GEM Green Building Certification Program

ASSOCHAM, the century old organisation, executes the GEM Green Building Certification Program for the sustainable design and development of the buildings and related developments. The objective is to ensure future buildings move towards environment friendly methods of design, construction and operations.

ASSOCHAM awards GEM Green Building Certification Rating, to all GEM compliant buildings. GEM stands for Green and Eco-friendly Movement.

GEM is the first indigenous Green Building Certification Program of the nation that includes the concept of Sustainability, Energy and Water Efficiency, Fire and life safety, Indoor Air Quality, Daylight, Fresh Air, Human Comfort and UNSDG 2030 goals as parameters.

GEM is based on latest guidelines of BEE ECBC 2017 and NBC 2016.

GEM has made rapid stride since it's conception and has certified many new and existing prestigious Government and Private projects including residential, commercial, health care, warehouse, smart campuses, universities, schools, airports, and railway station buildings.

With 14 MoUs with leading organizations in building industry (such as NAREDCO, CSIR-NEERI, TERRE, IIA, ISHRAE, FSAI, ISLE, IAQA, ASHRAE etc), many Architects, MEP, Environment and Green consultants, 80+ MoUs with Educational Institutions, 9 state chapters, and more than 1500+ GEM Certified professional, ASSOCHAM GEM Green Building Certification stands out as an intent driven, cost effective, simple process oriented, indigenous Green Building Rating Program in India.

Profile of Participants

The International Conclave and Expo will be attended by 3500+ reputed National and International Architects, MEP, Environment and Sustainability Consultants including the prestigious delegates from Nepal, Srilanka, Bangladesh and Bhutan, MoHUA, MoEF&CC, MNRE, DST, NBCC, CPWD, BEE, CREDAI, NAREDCO, CSIR-NEERI, TERRE, IIA, ISHRAE, FSAI, ISLE, IAQA, ASHRAE and many more...

- Architects
- Civil/ Mechanical/ Electrical/ Plumbing Engineers
- Construction materials and equipment companies
- Contractors
- Educational Institutes
- Energy company strategists
- Energy majors/analysts
- Energy technology innovators
- Government and regulatory bodies
- Green Building Consultants
- HVAC Consultants
- Investment bankers
- Landscape architects
- Low carbon technology companies
- Non-governmental organisations
- Private Organizations
- Project Managers
- Real Estate developers and owners
- Renewable energy associations
- Specialist and financial consultants
- Students
- Town Planners
- Urban Designers
- Urban local bodies

Showcase your Products and Services

Special Technical Sessions

- Passive Design Strategies
- Impact of Ecology on Built Environment
- Passive HVAC Strategies and Indoor Air Quality
- Sustainability Across Nations
- Developing Codes for Sustainability in India
- Fire and Life Safety integration with Sustainable Buildings
- Outdoor Air Quality & Pollution Control
- Sustainable Lighting in Built Environment
- Sustainability Challenges in High Rise Building
- Integrating Landscape and Sustainability
- Waste Management
- Water Management

Glimpses of Past ASSOCHAM & GEM Events

Glimpses of Virtual Event 2020

GEM is being continuously improved to align with United Nation SDG–2030. GEM is the first comprehensive rating system in the world, to recognize sustainability, rather than incorporating few components of it.

Prodigious recognition by
India's Century old Apex
Industry Chamber
for the buildings.

GEM is first indigenous program based upon ECBC 2017 and NBC 2016 and addresses fire and life safety.

It is an affordable certification program. GEM fee is up to 30% less than other programs.

Sustainable buildings cost extra INR 6-10 per sq. ft than compared to conventional buildings.

Payback period is only 3-4 years.

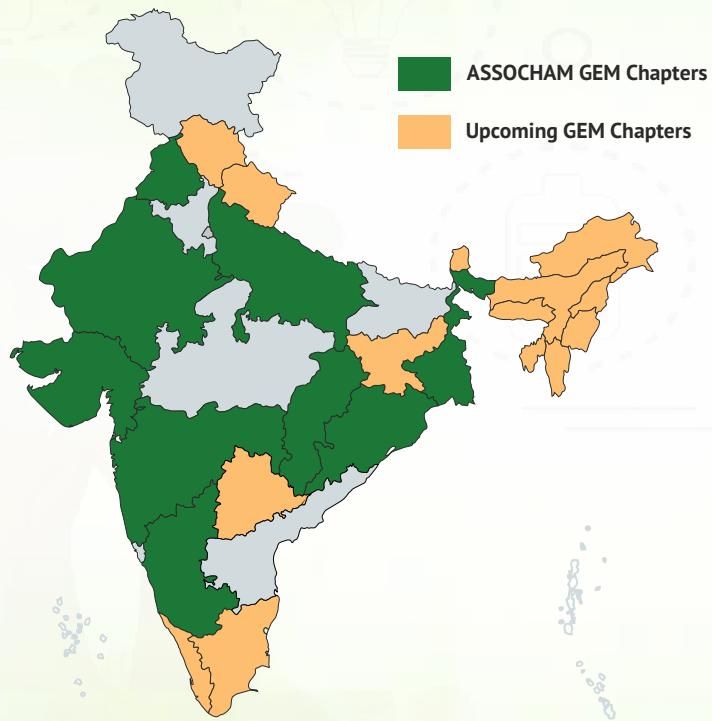

Regular interaction between GEM and Project teams even post certification.

ASSOCHAM GEM Chapters

Mission 20 States and 5 Adjoining Countries

ASSOCHAM has a team of more than 2,000 Professionals, Architects and Designers across the nation who support designing various facilities GREEN.

In just three years, more than 8 million sqft has been GEM certified across India

Green Building Rating Agencies

India housing sector is witnessing a paradigm shift towards green and environment friendly buildings.

Green Building Rating Agencies in India

India Green Building Council (IGBC)

Green Rating For Integrated Habitat Assessment (GRIHA)

US Green Building Council

Excellence In Design For Greater Efficiencies

GEM Sustainability (Green) Certification Program

Infrastructure
Advisory

Green building rating system is a tool that evaluates the performance of a building and its impact on the environment.

It comprises of pre-defined set of criteria relating to the entire life cycle of building and facilitates the effective use of site resources, water conservation, energy efficiency, waste management, optimum material utilization and improve indoor environment quality
